

Participate in the ASCM Scholars Education Program

[Applications accepted](#) April 1, 2021 through June 15, 2021

The annual Scholars Education Program includes a series of professional development and networking sessions held virtually from August through April. In addition to these exclusive events, scholars will receive complimentary access to the virtual programming offered as part of the **ASCM CONNECT Annual Conference**, held in October 2021.

Program Objectives:

- Receive professional development for future supply chain leaders
- Expand your professional network globally
- Learn from Supply Chain industry leaders about their career experiences and lessons learned
- Develop advocates for ASCM and the ASCM Scholar Education Program who share their experiences with others

Benefits:

- Complimentary access to the virtual programming at the **ASCM CONNECT Annual Conference**
- A professional ASCM Member as a mentor – matched with mentor in supply chain field
- Connect with supply chain students from across the globe
- Network with ASCM executives, Board of Directors, and other industry leaders

Requirements:

Scholar applicant eligibility requirements:

- Undergraduate or graduate student enrolled full-time during the **Fall 2021 semester, who are graduating no sooner than Spring 2022**. (Full-time is comparable to 12 credits/semester for an undergraduate student and 9 credits/semester for a graduate student)
- Current [ASCM Student Member](#)
- Age 18 by August 1, 2021
- Complete application by the June 15, 2021 deadline
- Letter of Recommendation

- As an applicant, you agree to participate in and engage with session leaders.

Applicants will be notified of their status by mid-June

*Please note, due to the ongoing Covid-19 pandemic, there are no in-person events currently planned for this program in 2021.
